EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Muir on 10/06/2003.

The application has been amended as follows:

Claim 1. (Twice amended) line 1 through line 2, delete "such as a rectangular waveguide to an elliptical waveguide," and in line 4 insert "two" before waveguides.

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or fairly teach the second section being divided by narrow capillary action axial slots into radially springing lamellae on the inner wall of the second section and the lamellae abutting against an outer wall of the waveguide after insertion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kimberly E Glenn whose telephone number is (703) 306-5942. The examiner can normally be reached on Monday through Friday.
